Introduced by Assemblyman Hart

January 16, 1978

REFERRED TO COMMITTEE ON EDUCATION

An act to amend Sections 48800, 48801, 48802, 48810, 76001, 76002, and 78009 of, and to amend the heading of Article 2 (commencing with Section 48810) of Chapter 5 of Part 27 of, the Education Code, relating to community colleges.

LEGISLATIVE COUNSEL'S DIGEST

AB 2229, as amended, Hart (Ed.). Community college: attendance.

Existing law authorizes the president of a community college to accept on a special part-time basis those 11th or 12th grade students recommended by their high school principals for either community college or vocational education classes. No high school principal may recommend for community college classes more than 15% of the 11th and 12th grade students in the high school. A high school principal may also recommend as special summer session students up to 5% of the students in the high school who have completed the 11th grade immediately prior to the recommendation.

This bill would allow students of any grade, *with parental consent*, to be recommended for special student status at community college or vocational education classes and would remove the restriction on the percentage of students who may be recommended for community college classes, *while*

retaining the restriction on the number of special summer session students from any one grade.
