INTRODUCTION

California State Publications (CSP) is a listing of official publications received by the California State Library from executive agencies, the Legislature and the judiciary. *CSP* is published monthly and cumulated annually as provided for by the Library Distribution Act (Government Code section 14910).

SCOPE

Documents listed in *CSP* are those that qualify as "state publications" under the terms of Government Code section 14902. The definition includes, but is not limited to, annual reports, statistical compilations, hearing transcripts, reports on research, directories, and periodicals. Publications of the University of California, internal publications, and forms are specifically excluded by section 14902. They are not distributed to depository libraries and thus are not listed in *CSP*. The following publications are also omitted from listing in *CSP*:

- Bills, amendments, slip laws, daily journals, and daily and weekly editions of legislative histories and indexes;
- Revisions or amendments designed to be interfiled into loose-leaf publications;
- Course catalogs and program announcements of the California State University;
- and
- Publications received more than three years after the date of publication, unless still available for acquisition.

Periodicals and serials are listed on first receipt in the monthly *CSP*, and again if the bibliographic record changes.

FORMAT

The register portion of *CSP* lists a catalog record for each publication. The entries are arranged by CALDOC classification number, reflecting the California government unit considered to be chiefly responsible for the publication. Records are prepared using current cataloging standards and practices (AACR2R, Library of Congress subject headings, etc.) At the end of each record is the RLIN-assigned ID number, which may be used to identify the record in the RLIN database. Availability notes and URL addresses for online versions of these documents are included whenever possible.

The index portion of *CSP* is an author, title, and subject index to the register. Each entry is followed by a list of the CALDOC numbers representing appropriate records in the register.

ACQUISITION OF PUBLICATIONS

Individuals, organizations, and non-depository libraries should contact the issuing agency to obtain a publication. When special acquisition information is available it appears in *CSP* in an availability note. In addition, a partial list of agency addresses and Internet sites is included in this introduction. Prices are included in *CSP* when known. **Requests should not be sent to the California State Library, unless CSL publishes the document.**

LIST OF AGENCY MAILING AND INTERNET ADDRESSES

The following is a partial list of agencies for publications frequently listed in *CSP*. The addresses listed here are for their publications units where documents can be ordered. Internet addresses are for that portion of these agencies' web sites where, in addition to online documents, information on how to order hard copy is listed either as online order forms or as name/ mailing addresses.

WEB VERSION OF CALIFORNIA STATE PUBLICATIONS

An online version of *CSP* is available within the California State Library's web catalog. To access the online version:

1. Go to <http://www.lib.state.ca.us/>
2. At the opening page, click on "CA State Publications" from the left side menu.
3. You will be taken to a page titled "California State Publications". On that page are links for each month from January 2001 forward (including whatever has been cataloged so far for the current month). Links are also available to display all the records for a given year, from 2001 forward.
4. Once you have linked to the list for the desired month or year, you can choose to sort the list by author, title, date, etc. using a drop down menu located at the top of the screen.
5. Once sorted, the list displays as either brief or detailed; records display as either full or MARC, depending on which option you choose.
6. To see the availability (agency address and contact information), from the list click on the record. The resulting full display includes contact information (where known) under the heading "Source".
7. In addition, from these entries, you can move to our full online catalog by clicking on any of the entries for author, subject, etc.
8. If desired, the records can be downloaded or emailed as text.
9. Links exist for cumulation by year for 2001, 2002, and 2003, and for all years since 2001 combined.

DISTRIBUTION TO DEPOSITORY LIBRARIES

LIBRARY DISTRIBUTION ACT

In 1945 the California Legislature, with the goal of making all state publications freely available to the citizens of California, passed the Library Distribution Act (Government Code sections 14900-14912), thereby establishing a depository library system. Each California state document depository library contracts with the Department of General Services to receive, record, shelve, and preserve state publications and to give free service to patrons wishing to use them.

Complete depositories receive all publications distributed by the State Printer to depository libraries (LDA publications) and all publications directly issued from executive agencies, the legislature and the judiciary. Selective depositories also receive LDA publications directly from the State Printer but they receive only some of the publications distributed by agencies, the Legislature and the judiciary.

The Library Distribution Act is administered by the California State Library, which evaluates and approves applications for depository status, formulates policies and procedures relating to the operation of the depository program, provides consulting services, and evaluates depository library performance. The text of the Act and a list of depository libraries are published with each annual microfiche cumulation of *CSP*.

LDA PUBLICATIONS

The State Printer automatically distributes some publications to all depository libraries. These are called LDA publications. Each shipment of LDA publications to depository libraries includes a packing list (an LDA list). If a publication is missing from a shipment, the library should photocopy the LDA list, indicate the missing title, and send the copy along with the library's address as it appears on LDA shipments to: *The following address is for depository libraries only.*

Office of State Publishing
Mass Mail/LDA
344 N. 7th St., Sacramento, CA 95814
(916) 445-5353

Requests for missing publications must be made within six (6) weeks from the date of the LDA list and will be honored as long as the supply lasts.

On occasion a title will be crossed off an LDA list. This indicates a publication that is no longer available from the State Printer. Requests for these publications can be sent to the Government Publications Section of the State Library where every effort will be made to honor them.

PUBLICATIONS NOT DISTRIBUTED BY THE STATE PRINTER

Non-LDA publications are those that are distributed directly from state agencies to depository libraries. Claims for these publications should be sent to the state agency listed as author, publisher, or sponsor in *CSP*. Addresses and telephone numbers may be found in the *California online telephone directory* (<http://www.cold.ca.gov>). When available, ordering information is included in *CSP* in an availability note.

RETENTION AND DISPOSAL POLICIES FOR DEPOSITORY LIBRARIES

Publications distributed to depository libraries, although on permanent deposit, remain the property of the State of California and may not be disposed of in any manner without the written authorization of the State Library, except as provided below.

Publications received prior to September 15, 1945, and duplicates are not subject to these policies.

It is suggested that publications chosen for discard be first offered to the Government Publications Section, California State Library.

For further information write to Government Publications Section, California State Library, P.O. Box 942837, Sacramento, 94237-0001, or telephone (916) 651-6813.

COMPLETE DEPOSITORIES

Complete depository libraries must retain all publications permanently except as follows.

1. Any publication may be discarded when it is superseded by a cumulation or a new edition or revision, e.g., legislative histories, codes and compilations of laws or regulations, directories, college and university catalogs, and superseded pages of loose-leaf publications.

2. Any publication may be discarded when it is replaced by another format, e.g., paper copies when replaced with microfacsimile, slip laws when replaced by *Statutes and Amendments to the Codes* (session laws), and the daily legislative journals when replaced by the bound edition.

3. Ephemeral publications may be discarded when no longer current or useful, e.g., announcements of conferences and workshops, award lists, exhibit catalogs and premium lists, class schedules of the California State University, lists of publications intended for order use only, and press releases.

4. Statistical publications issued more often than annually may be discarded after five years.

5. Legislative daily files may be discarded on receipt of a later file.

6. Legislative bills, constitutional amendments, and concurrent and joint resolutions may be discarded two years after the close of the session.

SELECTIVE DEPOSITORY LIBRARIES

Selective depository libraries may dispose of publications at any time with the exception of the following classes of material that must be retained for at least five years.

1. Periodicals (e.g., *Outdoor California*, *Journal of the Center for Families, Children and the Courts*).

2. Administrative and statistical reports issued by state agencies (e.g., *Biennial report of the California Department of Industrial Relations*, *Annual report of the Insurance Commissioner*, *Annual report of fatal and injury motor vehicle traffic accidents*).

3. Basic state level fiscal documents (e.g., *Governor's budget*, *Final change book*, *Economic report of the governor*).

4. Basic legislative reference works (e.g., *Senate final history*, *Assembly final history*, *Legislative index and table of sections affected*).

LAW LIBRARY DEPOSITORIES

Law library depositories must retain publications in accordance with Government Code section 14909 as administered by the State Library. Section 14909 stipulates that maintenance of basic general documents shall not be required of law library depositories, but they shall maintain basic legal documents. Such basic legal documents shall include legislative bills, legislative committee hearings and reports, legislative journals, statutes, administrative reports, California Code of Regulations, annual reports of state agencies and other legal materials published by the state. For further information contact the Government Publications Section, California State Library, P.O. Box 942837, Sacramento, 94237-0001, (916) 651-6798.

CALIFORNIA STATE AGENCY AUTHORITY LIST

Following is a list of name authorities/numbers established for California state agencies for this month. The State Library classification number appears in parentheses following the heading. Where necessary, the parent body of the agency is listed in square brackets following the classification number.

An asterisk (*) indicates a new heading issued for an agency name change. Previous forms of the heading are no longer authorized.
