

## FRIENDSHIP

This Read Together Kit contains stories that are fun to share with one or many children. Combine these stories with any of the suggested songs and rhymes to create a family-themed storytime.

Titles in this kit include:

Toddler and older:

- *Little Bitty Friends* by Elizabeth McPike
- *Roar!* by Tammi Sauer

Preschool and older:

- *Janine and the Field Day Finish* by Maryann Cocca-Leffler
- *Life Without Nico* by Andrea Maturana
- *Rain!* by Linda Ashman
- *Sam & Eva* by Debbie Ridpath Ohi

Early Learning Ideas:

- Discussing stories is a great way to develop language skills. You can start a discussion by asking a child “how are they friends to each other in this book?”
- Children need background knowledge, which is knowledge about the world, in order to later understand what they read. Background knowledge includes thinking skills like problem solving and predicting. When you share stories with a child that include age appropriate conflict it helps them to expand their knowledge of how situations can be resolved.
- One kind of play is to act out stories. Having young children move as they are recreating a story helps them to better understand the story and be able to share it back to you.
